

PINWHEEL plus HEXAGONS AND STARS

Sew Strips And Cut Triangles To Make Two Quilts - Two For The Price Of One.

PINWHEEL QUILT

HEXAGONS AND STARS QUILT

5 1/4" cut triangle

Each quilt without borders: 26 1/2" x 27 1/2"

All fabric 42" wide prewashed.

Fabric requirements:

nine dark 2 3/4" strips
 nine light and two dark 3" strips
 one dark 3 3/8" strip

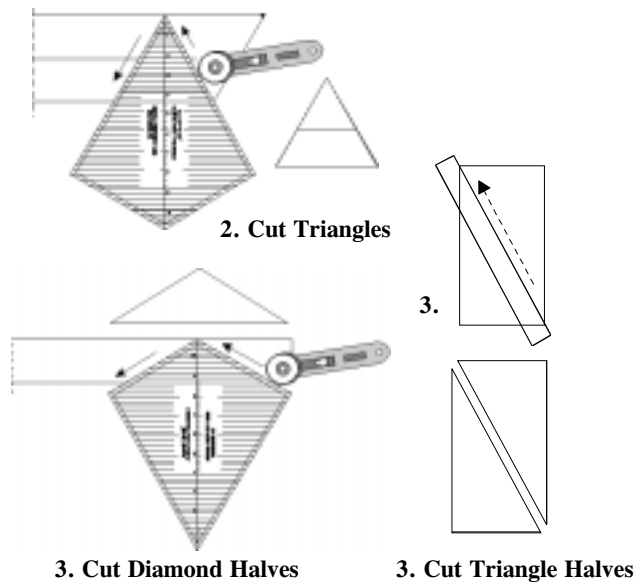

Directions:

1. Sew a 3" light and 2 3/4" dark strip together length-wise with a 1/4" seam. Press the seam to one side. Make nine sets of strips.

1. Sew Strips Together 

2. Cut 5 1/4" triangles from the strip set, using the 60° end of the **Super 60**. Line up the 5 1/4" line on the tool with the edge of the strip set. For greater accuracy, cut in turn from each side of the set of strips.

3. Cut 10 diamond halves from a dark 3" strip for the fill-in pieces, using the 120° end of the **Super 60**. Cut six dark diamond halves for the **Hexagons and Stars** quilt and four dark diamond halves for the **Pinwheel** quilt. Cut four dark triangle halves for the **Pinwheel** quilt from a 3 3/8" x 5 3/4" rectangle as shown at right. Turn one rectangle over before cutting to get left and right triangle halves.

4. Add Diamond Half And Triangle Both Ends Of Double Row

4. Lay out each quilt, using triangles with a dark base or light base as indicated by the quilt diagram. Sew together the horizontal rows in pairs, adding the diamond half sewn with one triangle at both ends as shown in each quilt diagram. *For the **Pinwheel** quilt, add left and right triangle halves to the top and bottom row.* Twist seams to reduce bulk. Add borders as desired to complete the quilts.
